### REASONS FOR ALLOWANCE

1. Claims 1-7, 9, 12, 13, 15, and 16 are allowed over the prior art of record.
2. Claims 8, 11, 14, and 17-24 have been canceled.
3. The following is an examiner's statement of reasons for allowance: **The feature of independent claims 1 and 9** directed towards allowable subject are the electrical contacts disposed on the flat surfaces and a trapezoidal portion portion that has a first portion with said first flat surface. **The feature of independent claim 3** directed towards allowable subject matter are the tristate buffers, connected to said second contracts, allowing each of said second contacts to be used as either input or output contacts depending on an orientation of a modular block. **The feature of independent claim 10** directed towards allowable subject matter is the connector portion formed on said edge portion in combination with said substantially trapezoidal shape. **Motoshima et al. in view of Cok et al. generally teaches of** a modular display, however fails to teach of the combination of features as outlined above. **Therefore** the above said features in combination with the other limitations of the above independent claims 1, 9, and 10, and therefore claims 1-7, 9, 10, 12, 13, 15, and 16, are found to be allowable over the prior art of record.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **David L. Lewis** whose telephone number is
